REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: the prior does not teach or suggest an opioid antagonist composition comprising (i) an inert core, (ii) a first layer consisting of the opioid antagonist, and (iii) a second layer comprising a hydrophobic material, wherein the first layer is situated between the core and the second layer and the composition releases less than 15% of the opioid antagonist within 36 hours and the composition is free of an opioid agonist. The closest prior art is Palermo et al. (U.S. Patent No. 6,228,863). Palermo does not teach or fairly suggest a composition comprising (i) an inert core, (ii) a first layer consisting of the opioid antagonist, and (iii) a second layer comprising a hydrophobic material, wherein the first layer is situated between the core and the second layer and the composition releases less than 15% of the opioid antagonist within 36 hours and the composition is free of an opioid agonist. Palermo's teaches throughout USPN 6,228,863 suggest the admixture of an opioid agonist and an opioid antagonist, such that these two species can only be separated by a two-step extraction process. Furthermore, although Palermo generically exemplifies a composition comprising (i) an inert core coated with (ii) a drug layer, wherein the drug layer is (iii) coated with a controlled or sustained release layer, Palermo's teachings absent improper hindsight do not direct one to obtain the composition as claimed in the instant application and described above. Similarly, Palermo does not suggest combining an opioid antagonist composition having

Art Unit: 1616

the morphology described above in combination with an opioid agonist composition. For the aforementioned reasons pending claims 62-85 are found to be patentable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
